

SIDDHI H. RAJPUT

Computer Science Engineering Student

+91 87673 36070 | siddhirajput1980@gmail.com | [LinkedIn Profile](#) | [GitHub / Coding Profile](#)

CAREER OBJECTIVE

Computer Science Engineering student specializing in Artificial Intelligence and Machine Learning. Skilled in Python, Data Structures and Algorithms, Web Development (React, HTML, Tailwind CSS), and Backend Frameworks (Django, Flask). Experienced in AI/ML projects, robotics systems, and software development through hackathons and technical competitions. Strong leadership, communication, and problem-solving abilities.

EDUCATION

B. Tech Computer Science and Engineering (AI) (8.05 CGPA)

Parul Institute of Technology

06/2023 – Present | Vadodara, Gujarat

Senior Secondary Education (63.8%)

Rajiv Gandhi Junior College of Science

04/2021 – 05/2023 | Pune, Maharashtra

Secondary Education (90%)

Spicer Higher Secondary School

04/2021 | Pune, Maharashtra

EXPERIENCE

Team Lead – CDC Cell

Parul Institute of Technology

06/2024 – 06/2026 | Vadodara, Gujarat

- Led marketing and technical teams to strategize outreach and student engagement initiatives
- Anchored major events including CDC Global Funfest Grand Finale & Felicitation Ceremony

Smart India Hackathon Participant

National Level Hackathon

- Developed a law-focused social media platform to enhance legal awareness

Tech Expo Project – Talking Skull (AI Robotics)

Technical Exhibition Project

- Built an interactive robotics system with AI speech response and motion control
- Integrated hardware automation with AI processing

Robotics Team Member – Team PU Robocon

University Robotics (2 Months)

- Worked on robotics automation, mechanical integration, and engineering problem-solving

AI/ML Healthcare Hackathon – Team Lead

Hackathon Project

- Led a team to develop an AI/ML-based healthcare solution
- Applied machine learning concepts to solve real-world healthcare problems

ACHIEVEMENTS

- NPTEL Topper – Computer Networks:** Recognized for outstanding academic performance and strong understanding of networking concepts.
- CodeTantra – DSA Course Completion:** Successfully completed structured training in Data Structures and Algorithms, strengthening problem-solving skills.
- AWS Academy Graduate – Cloud Foundations:** Gained foundational knowledge of cloud computing, AWS services, and cloud architecture principles.
- Techfest IIT Bombay – Workshop Participant:** Participated in a national-level technical workshop, gaining exposure to advanced engineering and innovation practices.

 [Certification visible on LinkedIn profile](#)

TECHNICAL SKILLS

Languages: Python, JavaScript, C, Java (Basics)

Web: HTML5, React.js, Tailwind CSS

Frameworks: Django, Flask

Core CS: Data Structures & Algorithms

Artificial Intelligence & Machine Learning: AI Fundamentals

Tools: GitHub, Figma, AWS

Hardware: Arduino

Soft Skills: Communication, Leadership, Teamwork, Anchoring

PROJECTS

AI/ML Disease Detection in Cows (Ongoing)

- Livestock health prediction using ML models

Talking Skull – AI Robotics

- Voice AI + motion control robotics integration

CommuLink – Community Platform

- Local networking, groups, and events

Legal Awareness Social Platform

- Hackathon project for legal info access

React Job Finder App

- Responsive job search interface
